

Porto (Portugal) welcomed the **3rd edition of the IADIS International Conference on Information Systems** during **18 to 20 March, 2010**.

This conference was organized by the International Association for Development of the Information Society (IADIS).

These conferences' series aims to address the issues related to design, development and use of IS in organisations from a socio-technological perspective, as well as to discuss IS professional practice, research and teaching. The conference was structured along with five main tracks such as: IS in Practice, Technology Infrastructures and Organisational Processes, IS Design, Development and Management Issues and Methodologies, IS Professional Issues, IS Research and IS Learning and Teaching.

The IADIS Information Systems 2010 Conference received 189 submissions from more than 33 countries. Every submission had been anonymously reviewed by an average of four independent reviewers, to guarantee the final high standard of the accepted submissions. 41 papers received blind referee ratings that signified acceptability for publication as full papers meaning an acceptance rate below 22%, while the others were published as short papers, reflection papers, posters and doctoral papers.

Extended versions of the best papers were selected to be published in:

- ❖ the IADIS International Journal on Computer Science and Information Systems (IJCSIS). ISSN 1646-3692.

Besides the presentations of full papers, short papers, reflection papers, posters and a doctoral consortium, this edition also included a keynote presentation by Professor Claudia Loebbecke, Chaired Professor of Business, Media and Technology Management, University of Cologne, Germany.

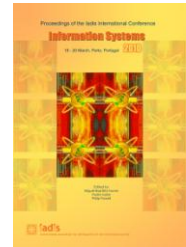

Keynote Presentation:

KNOWLEDGE CREATION AND KNOWLEDGE MANAGEMENT IN INTER-ORGANIZATIONAL INNOVATION NETWORKS

by Professor Dr. Claudia Loebbecke, Chaired Professor of Business, Media and Technology Management, University of Cologne, Germany

The IADIS Information Systems 2010 conference proceedings was published both in Book (ISBN: 978-972-8939-09-0) and CD-ROM (ISBN: 978-972-8939-08-3).
